## FISCAL COURT OF LYON COUNTY PUT UP TWO THOUSAND

To Help Out in Compromise of Damage Suit Against Alleged Riders

Lee Baker Birmingham Raid Case.

Called in Federal Court.

The case of Lee Baker against alleged Birmingham raiders for \$25,000 damages was called in federal court this afternoon. The Scruggs family, who also sued for damages, are quarantined with smallpox in Metropolis, Ill., and their cases are continued. A long list of defendants, who are dismissed, having settled with the plaintiffs, was filed with a motion of dismissal by the plaintiffs this afternoon.

It is reported today that \$2,000 of the \$9,500 paid for the dismissal of Lyon county defendants in the Edgelyville, View and Dyensburg cases, was raised at a meeting of the fiscal court of Lyon county. The statement came straight, and although County Attorney Krone, of Lyon county, said he was not present at the meeting, he did not deny that he had heard of the matter.

**Lyon County Defendants.**  
All the Lyon county defendants in the Edgelyville, Dyensburg and View road cases were dismissed on payment of \$9,500. This leaves only two association officers and three county defendants in the cases. The Lyon county defendants were:

P. H. Grimes, Charles Gresham, J. M. Gray, Levi Oliver, R. T. Gray, Edward Gray, H. L. Coleman, C. R. Hinkley, Lee Gray, C. C. Hutto, W. H. Hanister, James C. Hutto, C. W. Davis, O. H. Burgess, J. W. **Morning Session.**  
Prospects are that the session of federal court will close this afternoon, though it may take part of tomorrow morning to wind up the business. Court convened this morning and the case of Rosser P. Birdsong, doing business under the firm name of Birdsong & Company, of Philadelphia, against the American-German National bank, was decided in favor of Birdsong and a verdict of \$2,241.16 was given. The suit grew out of the sale of a carload of peanuts and the payment of it by draft.

**Answers to Night Rider Suit.**  
Answer to the night rider suit were filed this morning. T. G. Holman and Sam Lloyd, two defendants in four damage suits, filed a petition denying that they were members of the tobacco association, that they were members of the night riders, or had any part in the raids. The two defendants have engaged attorneys and will fight the case.

The jury in the case of Harth Brothers Grain company against the Nashville, Chattanooga & St. Louis railroad company returned a verdict for the defendant. The suit was brought on the contention that the

## Abdication of Sultan is Expected Momentarily, Because Young Turks Have Sufficient Force to Compel

All Precautions Taken By Advancing Forces To Arrest Battle in Streets of Turkish Capital; Already at Outskirts

Constantinople, April 20.—Grand Vizier Tewfik Pasha is reported to have resigned and is now conferring with the sultan regarding the city's surrender. The abdication of the sultan is momentarily expected. Representatives of young Turks are said to be at the palace waiting the sultan's decision.

The sultan is trying to induce Hilmi Pasha to resume grand viziership as the token to young Turks of his willingness to make concessions Hilmi, named by the young Turks, held office until the last week's uprising. He announced he will not resume the office until the young Turks resume control of the government.

**Wants Assistance.**  
Philippopolis, April 20.—The sultan is asking Germany for assistance. He is pleading past favors to Germany and it is believed he has offered concessions if it will come to the rescue. He will try to avenge off surrender to the young Turks until he hears from Berlin.

**Missionary Killed.**  
Washington, April 20.—It is stated in a dispatch from Teheran received at the state department today that foreign consulates at Tabriz are threatened by a starving mob. Consul Duty telegraphed the legation at Teheran the American missionary at Haskerville was killed in battle this morning.

**American War Ships.**  
Washington, April 20.—Armored cruisers, North Carolina and Montana, have been ordered to proceed to Alexandria, Turkey, with all possible speed. They were ordered to report to the American consul for the protection of American residents. The squadron is under command of Captain Marshall, of the North Carolina. Conditions are reported as alarming.

**Europeans Killed.**  
Istanbul, April 20.—Confirmation of the report that several Europeans were killed in the Adana massacre was received from Mersina, where 500 men landed from the British warship. The commander of the fleet says 1,200 people were slain at Adana alone. Several Europeans were in the number.

London, April 20.—Rumors that the sultan has abdicated the throne and fled or is preparing to flee from Constantinople, continue to pour into London.

There has been no authoritative confirmation, owing to the fact that communication with the Turkish capital is practically cut off.

**Ready to Enter.**  
Salonica, April 20.—In hope of averting a battle in the streets of Constantinople, young Turks today are delaying entrance into the capital.

## HEATH WILL GET COUNTY HIGH SCHOOL ACCORDING TO RECENT LEGAL OPINION

In about two weeks, S. J. Billington, county school superintendent, will call a meeting of the county school board for the purpose of selecting a date for the beginning of work on the new county high school at Heath as well as arranging for plans and specifications. Professor Billington has received word from State Superintendent Crabbe that the locating of the first county high school at Heath was valid, as he says an opinion has been handed down that the school may be located outside the county seat, provided there is already a high school located in it.

The citizens of Heath are jubilant over the school, and about \$2,000 has been subscribed as a bonus to assist in erecting the school while six acres of land has been donated as a site for the school.

At the next meeting of the county school board, and that the plan of purchased grain, and had no place to store it when the elevator was no built. The railroad company deny that any such contract was made.

The case of Florence Galvin, administrator of Mike Galvin, against the Nashville, Chattanooga & St. Louis railroad was called this afternoon. Galvin was an engineer on the railroad, and was killed in a

### CITIZENS MEETING.

There will be a meeting of the citizens of Paducah in the parlors of the Palmer Hotel company tomorrow, Wednesday, evening at 8 o'clock, to consider the proposition of the international lines now entering in the city. It is expected that many of our people who are interested in the city's future will attend this meeting, as the matters to come up for consideration are of vital importance to Paducah. Be sure and attend.

EARL PALMER, Pres.

until the numbers are swelled to such proportions as to be overwhelming and force the sultan to see the futility of opposition. Forty thousand young Turks' soldiers are now camped within a few hours' march of the city. It is believed there will be 80,000 within 48 hours.

**Should They Fight in Street.**  
London, April 20.—Should fighting occur in the streets, Constantinople the loss of life among civilians would be enormous. It is the opinion of an army officer who witnessed the revolutionary outbreak at the Turkish capital last Tuesday.

"As an instance," the officer continued, "there was a clash Tuesday night between two small sections of soldiers. Three soldiers were killed and seven wounded, whereas the casualties among civilians amounted to sixty. This is accounted for by the fact that the populace, apparently without fear, mingled freely with the troops and received a large number of bullets intended for the rebels."

This officer estimated that at least 1,000,000 rounds of ball cartridges were fired Tuesday night to celebrate the success of the revolt and he believes that many of the women and children must have been killed or wounded in their homes, as the walls of the houses have no more resisting power than so much paper.

The foreign official opinion in Turkey is strongly favorable to the young Turks' contention that the revolt of Tuesday was engineered by reactionaries, but it is not believed that the sultan had any knowledge of their intentions. The reactionaries hoped to abolish the constitution and restore the old regime. Their monetary success might have been averted had the government taken a firm stand.

Continuing the officer said that the foreigners moved about the streets of Constantinople without the slightest interference by the soldiers or populace, and that the members of the American embassy were conspicuous, going among the people to ascertain the reason of the uprising.

Nazim Pasha, former minister of justice, who was shot by mistake for the minister of marine, was on his way to parliament from Berea, where he had been calling on American friends, when he was killed.

board the school census reports will be handed in. Only two reports have been handed in, and each shows a slight increase in the number of children of school age. It is believed that the county will show a substantial increase in the number of school children.

## REPEAL TOBACCO TAX WOULD CAUSE FEDERAL DEFICIT

Treasury Department Says in Protest Against Six Cent Reduction

Daniels and Stone Speak on Tariff Bill.

Latter About Philippines.

Washington, April 20. (Special.)—The treasury department has filed a strong protest against the removal of tax on leaf tobacco. It claims it would cut into the internal revenue between \$5,000,000 and \$15,000,000 yearly.

### Stone for Filipinos.

Washington, April 20.—Senator Stone today in his speech opposed the tariff proposition, limiting the amount of sugar which may be bought in the United States yearly from the Philippines. He said the national honor is pledged to a policy eventually enabling Filipinos to establish for independent government.

### Daniel's Statement.

Washington, April 20.—Senator Daniel, senior member of the minority of the finance committee, stated the position of the Democrats on the tariff bill. His opening was a declaration to the effect that the Democratic members of the committee had been ignored in the considerations of the tariff bill. This he did not consider good or fair government and again complained of the treatment accorded the minority.

"In consideration of the bill," he said, "I shall vote first of all to raise revenue. A deficit would require this if there were different dispositions."

### Tillman Pays Respects

Washington, April 20.—Senator Tillman visited President Taft today for fifteen minutes. "I thought I really had to pay my respects," he said. "This is my first visit to the white house. I thought I would wait until a gentleman got here."

### Memphian's Deed

Memphis, April 20.—Howard S. Deason, a prominent farmer, brother of the county coroner, shot three miles east of here, fired three bullets into his wife's body at such close range early this morning that her clothes were burning when neighbors found the body. A Memphis police posse is searching for the slayer.

### Senatorial Debate

Calvert City, Ky., April 20. (Special.)—To a large audience John Moore, of Ballard county, Judge E. Harry and J. H. Wyatt, of Marshall county, spoke this afternoon. It was the last appointment of the speakers during the campaign for the senate, and they mixed it up lively. W. V. Eaton, the fourth candidate, was not present. From now until Saturday the candidates will scatter over the district, each working on uncertain precincts. Yesterday the three candidates addressed a large crowd in Wickliffe. The fact that it was court day, and that a bank robbery case will be up for trial, drew many voters.

Mr. Enton was engaged at federal court.

### WEATHER.

Cloudy with unsettled weather occasional rain, not much change in temperature. Highest temperature yesterday, 75; lowest today, 45.

## Rev. G. W. Briggs is Arrested in New York While Trying to Pawn Few Pennies Worth Stolen Property

Prominent Doctor of Divinity and Lecturer Wanders into East Side Rescue Home for Drunkards.

New York, April 20. (Special.)—The Rev. George Waverly Briggs, 58 years old, was arrested on a charge of being a suspicious person while trying to pawn for 39 cents a number of articles sold in drug stores, and spent the night in a cell. He said he did not know where he got the articles and that he was trying to pawn them because he was hungry. The police found the store from which they were taken but do not know how he got them. The minister's family insist a mistake has been made.

A Mrs. Wilson, claiming to be his sister-in-law, said he disappeared from her home four days ago. Beyond saying that he had been a well known Methodist minister in the south, his family would say nothing, except that his mind had given way from worry and he came to New York for his health.

He had a reputation, they said, as a lecturer. The Rev. Mr. Briggs said he was born in Alabama and had lately been in a sanitarium, but he did not remember where.

Some months ago a ragged wanderer entered the McAuley Mission home for drunkards in the heart of the east side dive section. He proved to be Briggs. He was fed and cared for and made a confession, saying he had been in the gutter for months. He reformed and was given employment doing mission work. His family subsequently joined him and now are living in a cottage in the Bronx.

### A Convert Saves Him.

Briggs was held in bonds of \$100 in police court after proof was offered to show that he stole three cheap atomizers from a Bowery drug store yesterday. The prisoner had no money and was about to be locked up, when Walter Mayer, chief postal inspector of this district, arrived in an auto and put up cash bail and took the pitiable wreck of a once brilliant minister away with him.

Mayer, who was converted by Briggs twenty years ago, at Galveston, read about his arrest in the papers and had been searching for hours for him among the jails and police courts. Mayer will raise funds and send the family south. Mrs. Briggs says she is destitute, depending entirely on the few dollars earned by her son, Wood. She thinks if her husband is put in a sanitarium he may recover. She thinks the injury to his head caused by a fall in Atlanta four years ago, is responsible for his condition.

### A Popular Preacher.

Dr. Briggs formerly was pastor of the Broadway Methodist church, coming here from Owensboro. He was pastor for three years. He was one of the most brilliant preachers in the south. Always a gentleman in the demeanor, he won hosts of friends, who clung to him, even after his weakness was discovered.

Probably no man in the whole southern Methodist church had fewer prospects for a life of distinguished usefulness than Dr. Briggs. His sermons were examples of original thought clothed in beautiful rhetoric. But when he left Paducah, he was for a time on the lecture platform, sent out by a Lyceum bureau in Louisville, and later he was given rescue mission work in Memphis. His appetite kept gaining the ascendancy and finally his friends, who had followed his wanderings, always with pity, and sometimes in hope, lost sight of him entirely. It was generally believed that he had reformed and returned to the work in a field, where his past was not known. The news of his terrible downfall will be received with sorrow in this city.

### Bandana Robbery Case.

Wickliffe, Ky., April 20.—(Special.)—Both sides announced ready this morning when the cases of John Hulger, Ernest Elmendorf, Will Hinebards and Sam Elytis, charged with robbing the Bank of Bandana, were called. Separate trial was asked, and the case of John Hulger was selected for the first trial. Before a jury could be selected the regular panel was exhausted, and Judge W. J. Buge, passed the case until tomorrow morning so that the sheriff may summon another venire. Large crowds are present to attend the trials.

### Turkish Prince Killed.

## BIG JIM JEFFRIES TO FIGHT WINNER OF CHAMPIONSHIP

New York, April 20.—Jeffries tonight at the close of the performance at the American Music hall, broke his long silence. He announced that he will meet the winner of the Ketchel-Johnson fight next October. He was lashed to a fury by assertions that he was "imbeciling the public with no intention of fighting again." Jeffries took the lid off this morning. He says he will be able to get in as good shape as when he cleaned up Jack Monroe.

Johnson Feigns Gladness.  
Pittsburgh, April 20.—"That's the very best news I've heard in years," said Johnson, when shown Jeffries' statement that he meant to re-enter the ring. "Of course I will be a winner over Ketchel," he said, "and that means Jeffries is to fight me."

### Tom Evitta Injured.

Thomas Evitta, 817 North Eighth street, formerly city jailer, was hit over the head early last night by an unknown person, and was knocked unconscious for several hours. He received an injury on the top of his head, but it is not considered serious although the exact danger from the wound can not be told. Mr. Evitta was returning from the stable in his back yard after feeding his horse when he received the blow.

### Normal Architect

### Niagara Dangerous

Niagara Falls, April 20.—With no ice background at the mouth of the Niagara and almost river wide floes coming down constantly from Lake Erie, destruction of shipping and rail traffic between here and Lewiston seems certain. Water is now forty feet above normal.

## JOHNSON'S PLAN IS NOT ADOPTED BY FISCAL COURT

It was announced this morning by County Judge R. T. Lightfoot that bidders on the Clark's river bridge can furnish their own plans for the bridge. The fiscal court last Saturday adopted the plans of Bert Johnson, a bidder and formerly county road supervisor, and it was agreed that all the bids were to be for the bridge proposed in Johnson's blue print. Now, it appears that the plans of each bidder will be considered and that the members of the court will select the best bridge in consideration of the cost. The action probably will result in more bids and plans being placed for the construction of the bridge.

## TWO ARE DEAD AT LITTLE CYPRESS; AGE AND INFANCY

Little Cypress, Ky., April 20.—W. N. Smith, 56 years old, a retired merchant, died this morning at 8 o'clock after a long illness of liver trouble. He leaves six sons and one daughter, Mrs. B. Hays, of Chicago, but formerly of Paducah. He was a member of the Christian church. The funeral will take place tomorrow afternoon with burial in the Baptist cemetery. The Rev. J. M. Pace will conduct the service.

The eight-months-old son of Ed Barrett died last night after an ill-

## WHEAT MARKET IS IN CHAOTIC STATE THIS AFTERNOON

Effort to Smash Patten Corner Results in Rapid Decline in Prices.

He Fights For Hours Against Opponents.

MOTHER CALLS AT HIS OFFICE.

Chicago, April 20.—An apparent effort to smash Patten's wheat corner was made in the pit shortly after the opening today when enormous quantities were dumped on the market and prices crumbled rapidly. May wheat was lowered to 1.25 1/2, the lowest since the advance two weeks ago.

By hours of steady buying, Wheat King Patten was able to steady the market. There was a general nervous feeling. Patten appeared highly nervous. His offices are besieged by persons who have lost large sums in the pit and hold Patten responsible. Bakers are preparing to reduce the size of loaves. Bakers say the decrease in the size will mean the loss of \$10,000 to Chicago housewives.

Chicago, April 20.—Many wheat dropped from 1.24 to 1.22 1/2. The market appears completely demoralized.

### Mothers Ask Patten for Money.

Chicago, April 20.—This morning a feeble old woman appeared in Patten's office and insisted she be admitted. The grain magnate finally condescended to see her. She told a pitiful story of being ruined by speculation in wheat. Her husband, she said, saved \$5,000 to buy a home. Today she had to make a payment. Her son had taken the money and played the market and lost all. She pleaded with Patten to give it back, but he said he was not responsible and could do nothing for her.

### James Estes All Right

In a letter, which was mailed at Cairo, Ill., James Estes, the missing 15-year-old son of Mr. and Mrs. James Estes, 1739 Harrison street, advised his parents not to worry. Estes wrote that he was running on a train in Illinois, and that he was doing well. It is presumed that he is a news-butcher. The receipt of the letter put an end to the search for the lad by the police.

### LOEB OFFERED BRIBE

SMUGGLING SYNDICATE WOULD PAY \$200,000.

"Sleeper" Trunks Containing Paris Gowns for Prominent American Women Seized.

New York, April 20.—The smuggling syndicate who first offered Collector of Port Loeb \$100,000 to drop the government's investigation of smuggling "sleeper" trunks containing \$50,000 worth of Paris gowns, today increased its offer to \$200,000, according to Loeb. All offers have been refused.

Loeb's investigation so far shows that the smuggled gowns had been made in Paris by a famous designer, for many women of exceptional social prominence at Boston, New York and Washington, and the reason for offering such a large sum to suppress the investigation was to shield these women from the unpleasant publicity threatened by the collector's disclosures.

The collector does not believe these women knew that their gowns were to be smuggled into the country, but had purchased them like many Americans buy other goods abroad, with the understanding that they were to be delivered to them in America "duty paid," or "duty free."

This saves the purchaser all customs. Collector Loeb will sell the seized gowns at public auction next month.

Rev. Lappin Preaches at Lexington Under Court Order.

Lexington, Ky., April 20.—After repeated efforts on the part of certain members of the congregation of the Bringer Christian church to have Rev. S. S. Lappin removed as pastor of the church, the latter delivered the regular Sunday morning sermon, and unless some further grounds are brought forth by the congregation he will continue as pastor of the church, on an order issued Saturday by Circuit Judge Harbeson of the Kenton county court. After Lappin refused to resign, three members of the church filed suit, asking that he be enjoined from acting as the pastor and to permit the opposing faction to have the church, in which to have another minister hold services. Judge Harbeson decided, however, that the contention of the faction opposing Rev. Lappin was not made in good faith, in that it was not made by a very large part of the congregation.

### NEW PROCESS

PRINTING ON GLASS KNOWN TO MR. E. E. OWSELEY.

Experienced Man Has Taken Charge of Sun Job Office and Will Please Patrons.

E. E. Owsley has taken charge of the job department of the Sun and in future will take pleasure in talking plain and handsome printing to merchants, manufacturers and others interested in such work.

Mr. Owsley was for some years at Owensboro, where he won more than a state reputation for clean, plain work, and especially for fine booklets, catalogues, novelties and pleasing color combinations. Some of the best engravers of the country have had him run their plates for samples. He has given a great deal of study and attention to the different kinds of printing plates and from this study and long experience in running is prepared to make valuable suggestions as to what sort of cuts are best suited for different purposes and what sort of copy is best for making them.

Mr. Owsley is interested in a process for printing on glass on the reverse side which has attracted a great deal of attention where shown. There are to date two machines in the patent office for doing the work by this process, one of which prints from any type or plates used on any printing press, and on any thickness of glass and the other a portable machine for doing the same work on glass doors and windows. The work may be done in black or colored inks or bronzes or in gold or any other metallic leaf.

Mr. Owsley will be glad to call and talk any kind of printing and any time.

### Vandal Will Be Arrested.

Prosecutions will follow the defacing of the walls of the Union station, and the officials of the railroad are not after the guilty parties. It is intended to make an example of one or two persons, and the defacing of the walls will be ceased. Painters are at work at the Union station, and almost before the paint had dried on the walls of the smoking room two names with addresses had been written. Those have been taken up, and warrants will be sworn out. The law prescribes a penalty of \$5 to \$30.

shall also vote to lift every burden of taxation off the people that can be eliminated with just regard to conditions in which we legislate.

"I would conserve and not destroy any of the plants and industries which raise by reasonable taxation the revenue which we need. If we do not do this and are won away from it by the fascination of the word 'free,' we will find ourselves in a quandary of deficits, with interest bearing bond issues quick upon their heels. Our declaration and conditions alike require something more than this.

"We have declared for a material reduction of the protective tariffs. No more would be possible without the declaration, and no more is possible with it. When a great and widespread system has been established for years all over the country, we can not leap out of it by one spring at all, we go down one step at a time as we went up.

"We must respect labor. The parties have been both willing to add to the tariff differences in cost in European countries and such tariff would not oppress the American people but conserve the interests of all. The farming and mechanical classes would both share in the benefits, for it would furnish cheaper necessary utensils for the farmer."

In commenting upon the increased expenditure of the government Daniel declared that militaryism had been responsible for a large part of the excessive appropriations and quoted Tawney's remarks in the house respecting part of the military expenditures in causing the deficit in the financial affairs of the government. Alleging that there were inequalities in the tariff bill Daniel said that while Connecticut leaf tobacco was

care for, tobacco in Virginia, Kentucky and Pennsylvania were left off the schedules. The farmers of the country, he added, were taken care of to a less extent than any other class of American citizens.

Speaking of the night riders in Kentucky, he said that while he had no sympathy with any lawlessness, it was well, always, when there was lawlessness, to look to its cause, which in this case he intimated might be found in the injustices inflicted upon the farmer classes by the favored interests.

At the conclusion of Daniel's remarks, Aldrich sent to the clerk's desk a copy of the senate debate held Feb. 21, 1894, in which Senators Voorhees and Vest had defeated the Democratic procedure in framing the Wilson bill to be reported to the senate without the participation of the Republican minority.

Upon the motion of Aldrich the bill was made the unfinished business of the senate.

### Root May Lead Onslaught.

A determined effort will be made at the proper time by the antagonists of the Aldrich tariff bill to put through the senate a resolution sending it back to the finance committee, with instructions to make sweeping changes in it. The men in charge of this movement are not prepared as yet to announce positively their program. They do not care to draw unnecessary fire, but they believe that to proposal to send it back to the committee will get their case before the country more effectively than in any other way, and they feel that nothing less than a complete overhauling with a definite policy to guide the process will serve their purpose.

The object of such a proceeding is to compel more effective downward revision and report is that no less a person than Elhan Root is among the senators relied upon to assist in such an effort if the necessary strength shall appear in sight to carry it through.

### Another Joker Discovered.

Another joker has been added to the many so-called "jokers" in the senate tariff bill. This one relates to linoleums, oilcloths and similar floor coverings. The joker is said by those who discovered it to lie in the change of the standard measurements, the cloths being taxed or classified according to measurements in square yards. There is a specific and an ad valorem duty on these goods, but it is figured out that the cost to consumer will be greatly increased by the proposed new rate fixed by measurement. In other words, the most expensive grades of which there is comparatively a small importation, will pay duty at about 48 per cent, while the cheapest grades will pay 98 per cent. The 1906 importations, upon which the Payne bill is based, were \$751,000 worth of the lower grade cloths under 12 feet, while of the

portations were only \$60,000.

The Dingley law established the rate on all sizes under 12 feet. The Payne bill lowered this to 9 feet, but in the house a committee amendment, offered by Mr. Payne, who made a speech in support of it, raised the limit to 11 feet. The Aldrich bill restores the 9 feet originally fixed in the Payne bill.

### Want War Balloons.

Washington, April 20.—General Allen, chief of the signal corps of the army, will make another attempt to secure from congress a half million appropriation for establishment of aerial divisions. Money may be developed for the purchase of dirigibles and the creation of plants for their maintenance.

# Have You Tried?

Lydia E. Pinkham's Vegetable Compound? We can furnish positive proof that it has made many remarkable cures after all other means had failed.

Women who are suffering with some form of female illness should consider this.

As such evidence read these two unsolicited testimonial letters. We guarantee they are genuine and honest statements of facts.

Gardiner, Maine.—"I was a great sufferer from a female disease and weakness. The doctor said I would have to go to the hospital for an operation but I could not bear to think of it. Lydia E. Pinkham's Vegetable Compound completely cured me in three months."—Mrs. S.A. Williams, R.F.D. No. 14, Box 30, Gardiner, Me.

So. West Harbor, Me.—"I suffered for years with painful periods, backache, headaches, nervousness, irregularities and inflammation. I consulted two physicians and one advised me to have an operation."

"I was completely discouraged when I decided to try Lydia E. Pinkham's Vegetable Compound, and it has made me a well woman. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound."—Mrs. Lillian Robbins, South West Harbor, Me.

Evidence like the above is abundant showing that the derangements of the female organism which breed all kinds of miserable feelings and which ordinary practice does not cure, are the very disorders that give way to Lydia E. Pinkham's Vegetable Compound.

Women who are afflicted with similar troubles, after reading two such letters as the above, should be encouraged to try this wonderfully helpful remedy.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge.

Daily Thought.

"It is not how much we have, but how much we enjoy, that makes happiness."

In justice to the writer of "Spectator" in the Saturday Evening Sun the management of the paper does not consider him an anonymous writer; but as a free lance he is a member of the staff, contributing his views and observations on local affairs, distinct from the policy of the paper, and willing at all times, so far as we know, to be criticized by those who take issue with his views.

SENATOR ALDRICH TO THE RESCUE.

Senator Aldrich, whose committee reduced the Payne schedules back to the Dingley rates, and then proudly said, "see how we have cut down the duties on necessities," makes a characteristic defense of the bill in the senate. Extravagance is his theme. He says the government has added too many new bureaus with extra employees. Pressed for examples, he, no doubt, would turn to the executive department, and show how the department of justice has squandered money prosecuting rebating railroads and monopolistic trusts; to the interior department, which has robbed the tax payer running down timber and mineral thieves, and squatters on the public domain; to the interstate commerce commission which has put the government in straits with its investigation of freight rates and shipping facilities.

We know that Senator Aldrich has two things in view: to maintain the tariff for the benefit of the traffickers in articles, and to cripple the executive department in prosecuting predatory trusts. We could not by any stretch of the imagination conceive of Mr. Aldrich denouncing the senate naval committee, which divides millions of loot between a dozen navies that are inaccessible; but we could conceive of his smothering the efforts of the great inland valley to get an appropriation for year round water navigation of the Mississippi system. He might even think too much money is being spent on the Panama canal, but he will never lift his voice in behalf of a contract for carrying the mail, which will save a deficit in the postoffice department for congress is at fault here.

Senator Aldrich, intellectual giant that he is, represents all that is worst in American politics in the last 20 years, the culmination of an age of materialism, that must pass away if we would save the country.

PERITY IN POLITICS DESIRED.

In an editorial comment a contemporary says:

"Too long indeed has political trickery been allowed to enter into the sanctity of the ballot.

"Purity in politics is to be desired above all things, and the sooner the desirable use of operation is reached the better will it be for all parties concerned."

"We need men in public life who are there for other than selfish reasons; men who look upon their duty as public officials as something more than a stepping stone for their

which to seek other vantage ground to political progress.

"The public should be brought to a realization of the need of sincere and honest men in public life; men who have a duty to perform and the personal character sufficient to realize the importance of that duty."

"Purity in politics and the first step will have been taken toward bringing about the desired end."

The foregoing is a suave mixture of hypocrisy and rot; because the paper that said it, will support any kind of a man, its party puts out, and denounce anybody, who scratches the ticket.

Purity in politics is not an end in itself. The end aimed at is good government. Good government is best served by electing good men. In order to get the best men, voters will have to learn to vote for the best men, regardless of their party affiliations. The mugwump must be the salvation of this country.

GOOD ENTERTAINMENT AT THE KENTUCKY

The summer season at the Kentucky opened under the management of Col. M. J. Farnbaker Monday night with one of the best vaudeville bills ever seen in Paducah. The large playhouse was well filled and the quality of the entertainment offered was shown by the loud and frequent applause.

The entertainment opened with a first-run motion picture, followed by Miss Cleone Pearl Fell in a clever monologue sketch.

George Smiley, the "King of Banjos" was next and he did things with banjo, mandolin and guitar which have not been seen here since Polk Miller's last visit.

Bert E. Melbern, the "Chocolate Drop" in a laughable black face monologue delighted the audience with a flood of bright, new witticisms; note that word "new."

Hazel and Hawkins, in their comedy sketch "Taming a Title" evidently did their taming to the entire satisfaction of the big audience for their entire act was one gale of merry laughter. For a twelve year old, Miss Hawkins was great.

In "Johnny's Visit", Royer and French did some excellent singing and dancing for a very appreciative audience.

It was a source of regret to her many friends that Miss Nettie S. Farnbaker was unable to sing last night, owing to extreme hoarseness.

It was a solid hour and a half of clean, wholesome amusement and Col. Farnbaker was the recipient of many hearty congratulations.

"Rich Church of the Poor People." New York, April 20.—"The rich church of the poor people" is Rev. Dr. William T. Manning's characterization of Trinity. This epitomizes the answer that he made from the pulpit of the church today to the charge that Trinity is a rich man's church and has no concern for the poor. Dr. Manning declared that the campaign against Trinity had been one of misrepresentation and disstatement, instituted chiefly by meddlers who lived outside the parish and had no voice in its affairs.

## D. A. R.'S MEET AT WASHINGTON IN CONVENTION

Washington, April 20.—Music, patriotism, oratory and harmony were the dominant features of the first day's session of the eighteenth continental congress of the National Society of Daughters of the American Revolution, Continental Hall, although used on former occasions, was informally dedicated and presented a handsome appearance in its almost completed shape.

With interest at fever heat over the impending election of a successor to Mrs. Donald McLean, of New York, the retiring president-general, the Daughters swarmed into the great auditorium in such numbers that many were compelled to content themselves with standing room in the lobby and exhibit halls. The two contestants for the chair to be made vacant by the retirement of the present president-general, Mrs. Matthew T. Scott, of Illinois, and Mrs. Wm. Cummins Story, of New York, occupied conspicuous seats in the hall.

On the platform were Vice President James S. Sherman, Ambassador Jusserand, of France, Judge Henry Stockbridge, president-general of the Sons of the American Revolution, Bishop Harding, of Washington, Rev. T. Nevitt Steele, of New York, Rev. Roland Cotton Smith, of Washington, John W. Foster, former secretary of state; Brig.-Gen. John M. Wilson, U. S. A., retired.

Tribute to Mrs. McLean. When all were seated a trumpeter stepped to the front of the platform and heralded the approach of Mrs. McLean, who was preceded by a number of charter members of the organization. She was accorded an ovation, the Daughters all standing and clapping their hands. Politics for the time being were set aside and the approaching battle of the ballots for her successor apparently was forgotten in the single idea of paying homage to one who had served them so long and well. The demonstration visibly affected Mrs. McLean.

Immediately after the scriptural readings by Mrs. Esther Frothingham Noble, the invocation was delivered by Bishop Harding. Mrs. McLean in her address of welcome made it the occasion for a farewell talk. She reviewed the work of her administration as well as the growth of the organization during its eighteen years' existence, and proudly pointed to the handsome structure as a monument not only to the heroes whom they honored, but to themselves.

Many of the audience were moved to tears when the retiring president-general told that she loved the service she had performed, and loved them.

## FINE CIGARS

Their fragrant bouquet is very grateful to the nostrils of the discriminating smoker—yet that bouquet cannot possibly be preserved without the utmost care in storing them. That's why we want to the expense of installing a modern electric humidor which keeps the cases at the proper temperature at all times and with just the right degree of moistness in the atmosphere.

That's why our cigar stand is so popular, too. Most brands at all prices.

**ENCOUNTER WITH A LION.**  
Hunting Adventure That Came Near Costing a British Officer His Life.

Lieut. G. S. Anderson, Eighteenth Hussars of Dawlish, who has been attacked to the intelligence department, is suffering from blood poisoning, the result of mauling received a lion a month or six weeks ago on the borders of Somaliland and Abyssinia.

In company with a native servant Lieut. Anderson went out for a day's shooting. Finding a lion at short distance he fired and the shot grazed the animal's skull, slightly wounding it. The infuriated beast leaped upon the officer, throwing him to the ground, and bit him through the knee just as he fired a charge from his double barreled sporting rifle through its head. The animal continued to claw and bite him, while Lieut. Anderson, fighting for his life, clubbed the lion with the butt end of the rifle. All the while blood was streaming from the wounds of the lion, which was of unusual size.

The native servant, although practically unarmed, rushed to the aid of his injured master, and at length the animal, exhausted from the loss of blood, slunk away, leaving Lieut. Anderson almost overcome and in a very precarious condition. Subsequently the lion was found dead a little distance from the scene of the encounter. The injured officer was conveyed to the coast and at Aden embarked for London, where he will be treated in a hospital.—London Daily Mail.

## BAD DREAMS

Indicate Improper Diet, Usually Due to Coffee.

One of the common symptoms of coffee poisoning is the bad dreams that spoil what should be restful sleep. A man who found the reason says:

"Formerly, I was a slave to coffee. I was like a morphia fiend, could not sleep at night, would roll and toss in my bed and when I did get to sleep was disturbed by dreams and haggardness, would wake up with headaches and feel bad all day, so nervous I could not attend to business. My writing looked like bird tracks. I had indigestion, heartburn and palpitation of the heart, constipation, irregularity of the kidneys, etc."

"Indeed, I began to feel I had all the troubles that human flesh could suffer, but when a friend advised me to leave off coffee I felt as if he had insulted me. I could not bear the idea. It had such a hold on me and I refused to believe it the cause."

"I finally consented to try Postum and with the going of coffee and the coming of Postum all my troubles have gone and health has returned."

"I eat and sleep well now, nerves steadied down and I write a fair hand (as you can see), can attend to business again and rejoice that I am free from the monster Coffee."

Ten days trial of Postum in place of coffee will bring sound restful, refreshing sleep. "There's a Reason." Look in pkgs. for the famous little book, "The Road to Wellville."

## Laxative for Women Free

There is a great difference in the purposes to which a laxative should be put. Tablets and pills, salts, etc., are usually violent purgatives or cathartics, and altogether too powerful for the average person.

A woman at all times needs only a mild laxative—in fact, none other is needed by anyone, weak or strong though they may be, for the object is simply to move the bowels, and if a gentle laxative will do it, what is the use of a violent one?

Dr. Caldwell's Syrup Pepsin has earned a well-deserved vogue among women and children and old folks—people who must necessarily be careful of what they take. It is a liquid laxative tonic and admittedly the greatest stomach, liver and bowel remedy before the American people. The price is only 50 cents or \$1 a bottle, as it comes in both sizes, and the drug-gists sell it. Its pleasant taste and gentle action make it an ideal remedy for women in constipation, torpid liver, sour stomach, sick headache, heartburn and such like digestive complaints. Its use for a short time will remove the trouble entirely so that future medication will be unnecessary. Its tonic properties build up the stomach and intestinal muscles so that they act naturally again. That this is so is the experience of many heads of families, like Mrs. E. J. Slout, of Louisville, Ky., and numerous others; in fact, way out in Williams, Cal., as Mrs. J. E. Blackmore, of that place, writes, the whole town seems to be using it.

If the remedy is new to you and you want to make a trial of it before buying, send your name to the doctor's address as below and a free test bottle will be sent you. Then, if results are satisfactory you can buy it of your druggist.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 607 Caldwell Bldg., Monticello, Ill.

There seems to be a great deal of interest among the lovers of athletics in this city over the coming race.

Board of Councilmen Favors Proposition and Orders Ordinance Prepared.

## LIGHTING PLANT NEW STACK.

Last night's council meeting was quite short, from the time President Foreman called the board to order (the motion to adjourn was carried) was only 20 minutes. All the members were present with the exception of Councilman McCarthy.

A petition signed by 41 property owners and residents of Broadway between Eleventh street and Fifteenth street, asked the board to bring in an ordinance, providing for the construction of concrete sidewalks with a combined curb and gutter was read, by Councilman Bower, chairman of the street committee. All the members were heartily in favor of granting the request, and on a motion of Councilman Bower the ordinance committee was instructed to bring in the ordinance, providing for the much needed improvement. There are concrete sidewalks from the river to Twenty-fifth street, save for these four blocks.

Councilman Lally read the report of the joint finance committee, recommending \$3,702.95 to be allowed for accounts and payroll for the first half of this month. The amount was allowed and ordered paid as recommended by the committee.

A communication from the board of public works, recommending that a contract be closed with James A. Jewell & Son, of Cincinnati, for the construction of a stack at the city light plant and a contract closed with the Babcock-Wilcox company, of Pittsburgh, for new boilers at the same plant, was put before the board by Councilman Lally. The cost to be \$4,100 for both contracts. \$3,000 has already been appropriated and the recommendation asked for another appropriation of \$1,100. The board of public works was instructed to close the contracts by a unanimous vote of the council board.

## LIVESTOCK.

Louisville, Ky., April 20.—Cattle—Receipts 967; much lighter run than usual, yet the supply was in all instances equal to the requirements of the trade, as the demand was slack and the market generally slow from the beginning. Choice light butchers were the most popular kind, and sold steady to firm; medium and inferior butchers as well as heavy butcher steers were dull to a shade off. The feeder and stocker trade was quiet and unchanged; common, trashy stockers dull. Bulls steady; canners and cutters slow. Milch cows unchanged. Heavy shipping cattle dull to shade lower. Pens fairly well cleared, but market finished slow. We quote: Shipping steers \$4.75 @ 6; beef steers and fat heifers \$3.50 @ 5.25; fat cows \$3 @ 6; cutters \$3 @ 3; canners \$1 @ 2; bulls \$2.25 @ 4.25; feeders \$3.50 @ 5; stockers \$2.25 @ 4.50; medium calves 4 @ 5; common 2 1/2 @ 4c.

Calves—Receipts 97; market slow and lower; bulk of the best 6 @ 6 1/2 c some few fancy, higher; culls dull; medium calves 4 @ 5 1/2 c; common 2 1/2 @ 4c.

Hogs—Receipts 2,977; market very slow and drab; no sales made until rather late; prices were steady; choice corn-fed hogs, 160 pounds and up, \$7.10; 130 to 160 pounds, \$6.70; pigs \$5.25 @ 5.75; roughs \$6 down. All hogs from every point had to be sold under guarantee, with a discount of 1 1/2 c per pound on all that kill soft or oily. This condition of affairs seems to have been brought about by hogs having been shipped from doubtful sections of the country, and rebilled from points where there was no mast and no question about the hogs killing satisfactory.

Sheep and lambs—Receipts 531. Market slow; quality fair; best fat sheep 5 1/2 c down; fall lambs 6 1/2 c down; common sheep or common fall lambs very dull; spring lambs 7 @ 9c; not many coming and demand very light.

St. Louis, April 20.—Cattle—Receipts 4,600, including 1,600 Texans; native market 5 @ 10c lower; Texans steady to 10c lower; native beef steers \$3.50 @ 7.10; stockers and feeders \$4.50 @ 5.35; cows and heifers \$3.50 @ 6.35; calves \$5 @ 7.25; Texas and Indian steers \$4 @ 6.40; cows and heifers \$2.75 @ 5.25. Hogs—Receipts 5,500; market 5c higher; pigs and lights \$4.50 @ 5.25; packers \$6.95 @ 7.25; butchers and best heavy \$7.10 @ 7.30. Sheep—Receipts 5,500; market steady to shade lower; native muttons \$4.50 @ 6.50; lambs \$6.00 @ 8.15.

## TOBACCO NEWS

Clarksville, Tenn., April 20.—The tobacco market has not been active during the past week on account of dry weather which is unfavorable for making deliveries. The receipts in the open market were 455 hogheads and sales 23 hogheads. The market continues firm and unchanged with a good demand for all offerings. The buyers are now preparing to open the market for the new crop. Following are prices quoted for old tobacco. Trash \$5.00 @ 5.25; low lugs \$5.35 @ 5.50; common lugs \$5.50 @ 5.75; medium lugs \$6.00 @ 6.25; good lugs \$6.00 @ 6.75; low leaf \$6.40 @ 7.25; common leaf \$7.50 @ 8.25; medium leaf \$8.50 @ 9.50; good leaf \$10.00 @ 11.00.

other spell of dry weather caused a decided falling off in the offerings and receipts of loose tobacco last week. There was a strong demand for everything that was offered, and prices ruled high. The larger part of the crop that is to be marketed in the loose state has now been sold, and from now on the sales are not expected to be so heavy, although they are expected to continue for some time yet. Weather conditions will have much to do with the sales of the tobacco will depend largely upon whether or not the weather is suitable for handling it.

On the loose floors of R. B. Cooper & Co., J. P. Thompson & Co. and H. H. Alernathy the sales of the week amounted to 225,000 pounds. The quality of the offerings was uniformly better than has been noted for any week during the present season, and prices were firm and ranged from \$3.00 to \$4.00 for lugs and from \$7.00 to \$10.00 for leaf.

sociation sales at this point aggregated 48 hogheads of the new crop and 14 hogheads of the 1907 crop. On the new tobacco prices ranged from \$6.00 to \$9.50. Here also prices were firm, only two hogheads bringing less than \$6.50 and most of it being sold at from \$8.50 to \$9.50. Up to this time receipts of the new crop of tobacco amount to 1,550 hogheads. There are still about 400 hogheads of the old crop unsold at this place. Association leaders estimate that the organization will handle about 45,000 hogheads in the dark tobacco district out of the 1908 crop against 60,000 hogheads of the 1907 crop.

The present season has been a busy one for this market. It is estimated that 17,000,000 pounds of tobacco have been handled here, and that 75 per cent of the crop has been sold. Much of this tobacco came from outside territory, the popularity of the market having been greatly

sold it is estimated that 5,000,000 pounds were bought by independent buyers, 3,000,000 pounds were sold on the loose floors, 3,000,000 pounds were sold in association pools and 3,000,000 pounds were prized and handled in that form by the association. Prices opened high, and instead of decreasing as was freely predicted, the values showed a decided upward tendency for nearly the entire time and as the close of the busy season approaches prices are very firm and the demand sufficient for all offerings.

A Question of Ten. Senator Stone appears to have landed Senator Guggenheim with both feet, which were not, at the time, in a gun shoe. Guggenheim was arguing that tea is not a rich man's drink. "Why," said he, "all the servant girl at my house drink it." This seemed conclusive until Senator Stone asked:

Guggenheim's face got red and he was compelled to admit that he did.—St. Louis Times.

**THE BARRIER**  
BY REX BEACH

(Continued From Last Issue.)

Her wariness and unaffected frankness sufficed him as she stood out, turning to show the benefits of her gown, her brown hands fluttering tremulously as she talked.

"It's my first party dress, you know, and I'm as proud of it as Molly is of her rubber boots. It's too big to here and too small right there. That girl must have had a bad chest. But otherwise it fits me as if it had been made for me, doesn't it? And the shoes—aren't they the dearest things? See!" She held her skirts back, showing her two feet side by side, her dainty ankles slim and shapely in their silk.

"They don't wear as well as moccasins." Both laughed delightedly till he broke in impulsively:

"Oh, girl, don't you know how beautiful you are?"

"Of course I do," she cried, imitating his change of voice, then added halfly, "That's why I hate to take it off."

"Where did you learn to wear things like that?" he questioned. "Where did you get that—well, that air?"

"It seems to me I've always known. There's nothing strange about it. The buttons and the hooks and the eyelets all where they belong. It's instinct, I suppose, from father's side."

"Probably, I dare say I should understand the mechanism of a dress suit, even if I'd never seen one," said the man, amused, yet impressed by her argument.

"I've always had visions of women dressed in this kind of clothing, white women, never natives, not dressed like this exactly, but in dignity, soft things, not at all like the ones I wear. I seem to have a memory, although it's hardly that either; it's more like a dream, as if I were somebody else. Father says it is from reading too much."

"A memory of what?"

"It's too vague and tantalizing to tell what it is, except that I should be called Merrily."

"Merrily? Why that?"

"I'll show you. See." She slipped her hand inside the shawl and drew from her breast a thin gold chain on which was strung a band ring. "It was grandmother's. That's where I got the fancy for the name of Merrily, I suppose."

"May I look?"

"Of course. But I daren't take it off. I haven't had it off my neck since I was a baby." She held it out for him to examine, and, although it brought his head close to hers, there was no trace of coquetry in the invitation. He read the inscription, "From Dan to Merrily," but had no realization of what it meant, for he glimpsed the milk white flesh almost at his lips and felt her breath stirring his hair, while the delicate scent of her person seemed to loose every strong emotion in him. She was so dainty and yet so virile, so innocent and yet so wise, so cold and yet so pulsating.

"It is very pretty," he said innately.

At the look in his eyes as he raised his head her own widened, and she withdrew from him imperceptibly, dismissing him with a mere inclination.

"I wish you would send Polson here. It's time he saw his present."

As Burrell walked out into the air he shut his jaws grimly and muttered: "Hold tight, young man. She's not your kind—she's not your kind."

Inside the store he found Doret and the trader in conversation with a man he had not met before, a ragged nondescript whose overalls were blue and faded and patched, particularly on the front of the legs above the knees, where a shovel handle was buried; whose coat was of yellow mackinaw, the sleeves worn thin below the elbows, where they had rubbed against his legs in his work. As the soldier entered the man turned on him a small, shrewd, weather beaten face with one eye while he went on talking to Gale.

"It ain't nothin' to get excited over, but it's worth fellerin'. If I wasn't so cussed unlucky I'd know there was a pay stake somewhere close by."

"Your luck is bound to change, Lee," said the trader, who helped him to roll up a pack of provisions.

"Mebbe so. Who's the dressmaker?" He jerked his bushy head toward Burrell, who had stopped at the front door with Polson to examine some yellow grains in a folded paper.

"He's the boss soldier."

"When I took Allana it wasn't the style, and neither one of us has thought much about it since."

"Oh, I see," exclaimed Burrell hurriedly. "I'll bring that list with me the first time I think about it." And, nodding amiably, he sauntered out. But his mind was in a whirl, and even after he had reached his quarters he found himself repeating:

"The other was bad enough. Poor little girl! Poor little girl!"

Gale likewise left the store and went into his house, the odd look still strong in his eyes, to find Neel posing in her new regalia for Polson's benefit. At sight of her he fell into a strange and unexpected humor and to their amazement commanded her roughly to take the things off. His voice and manner were harsh and at utter variance with any mood he had ever displayed before.

**TAFT WITNESSES BASEBALL GAME**

Chief Executive Saw Washington Defeated.

Sherman Also Present—The Two Shared Bag of Peanuts, and Vice-President Kept Score.

TAFT HOPES HE'S NOT 'HOODOO'

Washington, April 20.—President Taft attended a baseball game between the Washington and Boston American league teams. It was the first time in years that the president has attended a major league contest.

Taft and party who occupied a box in the main section of the grand stand, was initiated into the mysteries of the "split ball," shared a five cent bag of peanuts with Vice-President Sherman who sat in the box next to him, and wished for Washington to win, and said sadly that he hoped he wasn't a "hoodoo."

Taft arrived at the game at the beginning of the second inning. The game was interrupted by cheering which spread in a great wave from the grand stand to the farthest corners of the bleachers as the crowd quickly recognized the president and saw him greet the vice-president. The latter, a "dyed-in-the-wool fan" had gone directly to the grounds from the senate chamber.

Sherman kept a detailed score of the game, supplying the president with such statistical information as he asked for every now and then, and caused some one in the party to remark that if he ever lost the job of vice-president he might get a place on Stan Johnson's scoring staff.

**ALASKA**

WILL BE GIVEN FAIR TREATMENT HEREAFTER.

Grafters Must Give Way to Real Workers in Territorial Service.

Washington, April 20.—Alaska is no longer the place where the pork barrel waxed fat and the politician fattened with age.

The territory to the far north where the sun shines all night during the winter and the mail is carried over trails of ice and snow has ceased to be the Mecca for the politician who "rendered distinguished services for the party" in the states and who took out his reward by being sent to Alaska to get what he could and work whom he could.

At last, Alaska is to have a real American government—for the benefit of the governed. This has come about since Richard A. Ballinger has been appointed secretary of the interior under President Taft. Not that President Roosevelt and Secretary Garfield knowingly allowed graft in the frozen territory, but neither of them understood the problems of government in that country—and then Roosevelt, who was a great man for rewarding his political friends, sent a great many of them to Alaska. Many of them did not know what to do when they got there and this was as bad for the people of that section as deliberate misgovernment.

Secretary Ballinger is from Seattle, which is the first American port Alaskans hit after they leave that country. And every one in Seattle knows something about Alaska. Then too, Secretary Ballinger has been to Alaska and has come into intimate contact with her needs, and he intends to see that she gets some of the benefits of this knowledge.

One of the first things he did when he was inducted into office was to issue a general order that governors of territories were to stay at home and attend to their duties instead of spending the winters in Washington playing politics and

Orders have been issued that every one who is given the position of township trustee, for instance, must work at the job as though it were any other business trust. The pay for this office is \$10 a day, and it has been the custom for trustees to work five or ten minutes a day and then put in a bill for a whole day's work. This must stop. Bills for days, the whole of which was not actually spent in work—and real work at that—will not be honored.

### A PROMINENT DRUGGIST

Stakes His Reputation On the Merits of a Hair Restorer.

Mr. W. J. Gilbert, a well-known druggist of this place, personally guarantees that Worth's Sage and Sulphur Hair Restorer will positively bring back the color of the hair, and that it will also remove dandruff, stop the hair from coming out, make it grow. A druggist must know what he is talking about before he will, on his own responsibility, say this much for a remedy, and a remedy so highly indorsed certainly deserves to be given a fair trial.

Probably there is not one out of a hundred people that has such a head of hair as Nature intended they should have, and such as they might have if they would only use something which would keep their scalps free from dandruff and cure itching scalp, falling hair and other troubles of the sort.

number of passengers out of this port. The Cumberland river packets will be in port again next Saturday. Steamer Joe Fowler will be the Evansville packet tomorrow morning.

### STOP WHEAT CORNERS.

Will Be Introduced in Illinois Legislature This Week.

Chicago, April 20.—James A. Patton's reputed corner in wheat may be the last that Chicago will ever know. It will be the last if the legislature shall pass a bill that is to be introduced at Springfield this week. The end and aim of the forthcoming bill will be to make dealings in future of wheat and other breadstuffs and staples both lawful and impossible.

The bill to put an end to gambling in food products is now being prepared. It will be ready for introduction in the house when that body convenes next Wednesday. And it will be a measure that will effectively prevent in the future such manipulations of wheat prices for private gain as will raise the price to a point where many people must go hungry.

### ROBBERS WRECK BANK.

Caught in Another Town, but Escape From Officer.

Havana, Kan., April 20.—After wrecking a bank with dynamite here early today and securing \$2,500 from the vault, two robbers escaped on a hand car under heavy fire from the awakened residents. Later they hoarded a freight train on which they rode to Bartlesville, Oklahoma.

### IN METROPOLIS

James Burdea and family have returned from California, where they have resided for some time. Uncle Ivy Casey has gone to Fredericktown, Mo., to reside. He is aged, almost helpless, and says his health is better there.

Ernest Behardt went to Goleconda this week and organized a Ben Hur lodge.

W. A. Klinge visited in Goleconda this week.

Fred Fisher and Amos Bridges have opened a three chair barber shop in the Fritz building.

The Misses Nellie and Hattie Mann are visiting relatives at Aux Vasse, Mo., this week.

Boner Leonard and Lord Helm have returned to the University of Illinois. Alderman Ed Wilson has been attending to business connected with his law factory out of town this week.

Clarence Virgin is critically ill from throat trouble and not expected to live.

### WOMAN TO FLY IN JUNE.

Miss E. L. Todd Will Drive Her New Aeroplane.

New York, April 20.—Miss E. L. Todd has announced that her aeroplane will be ready for flight in June. Miss Todd is building her machine for one passenger, and expects to drive it herself.

Like the aeroplane of the Wright brothers, her machine has two planes and is propelled by a gasoline engine. The two propellers revolve simultaneously in opposite directions. She estimates the machine will acquire a maximum speed of forty miles an hour.

### Mrs. Cummings Elected.

Washington, April 20.—Mrs. Albert J. Cummings, wife of Senator Cummings of Iowa, was today elected president of the national society of the Children of the American Revolution, succeeding Mrs. Frederick T. Dubois, of Idaho. Lexington, Ky., April 20.—President William G. Foster of Berea college, at Berea, Ky., received a letter from Dr. D. K. Pearson, a Chicago philanthropist, announcing that he had donated \$25,000 for a boys' dormitory at the college.

The new building will be erected during the summer by student labor and will be ready for use in September. This is the third liberal donation made to the school by Dr. Pearson, his first being \$100,000, some years ago, for extension work, another, the second, \$50,000 for a waterworks plant.

### Census Appropriation.

Washington, April 20.—The appropriation bill to provide funds for making the thirteenth decennial census and other purposes, was introduced today by Representative Tawney, of Minnesota. The item for making the census makes the amount \$10,000,000 and is available until July 1, 1912, only.

If a druggist hasn't given a golden harp and crown when he dies, will he be satisfied with "something just as good?"

### Was in Jackson

Jackson, Tenn., April 20.—The police department are of the opinion that James Bates, Jr., of Paducah, Ky., fifteen years old, who was kidnapped from his home at that place was in the city for several days last week with three men who were supposed to have been painters. The first of the week three men arrived in the city and a boy was with them. One of the men worked for a couple of days but the others did not. When they left the city some time Saturday they did not pay their board bill and the matter was then turned over to the police. After the men's actions in this matter their records were looked into and the police became suspicious that the boy with them was

the one wanted. He telephoned a close description of the boy to Paducah and the officers say that it answers Bates' perfectly.

### STUTZ'S COLUMBIA

**Big Mail Order House.**  
Chicago claims the distinction of  
being the mail order center of the  
universe, and some recent figures  
from the postoffice there would seem  
to establish the right to the honor.  
One of the biggest mail order houses  
recently broke all postal records by  
mailing 6,000,000 catalogues, each  
weighing two ounces—the whole  
weighing 450 tons. The sacks hold-  
ing the catalogues weighed sixty-five  
tons. If these pamphlets had been  
sent on one train thirty cars would  
have been filled.

**Rondelet.**  
Heigho! the marble stair,  
Whereon my lady once did sit,  
Heigho! the marble stair,  
For, oh, I sat beside her there  
And told my love tale hit by hit  
To get, alas, the icy melt.  
Heigho! the marble stair!

## COMMERCE WITH THE POSSESSIONS

Approximates Hundred and  
Fifty Million Dollars.

Alaska, Hawaii, Porto Rico, Philip-  
pines, Guam and  
Tutuila

### BUSINESS OF FISCAL YEAR

Washington, April 20.—Trade be-  
tween the United States and its non-  
contiguous territories will aggregate  
approximately 150 million dollars in  
the fiscal year which ends with June  
next, against approximately 70 mil-  
lions in 1899, a decade earlier. For  
the eight months for which the bu-  
reau of statistics of the department  
of commerce and labor has complete  
figures the shipments of merchan-  
dise from the United States to its  
noncontiguous territories—Alaska,  
Hawaii, Porto Rico, Philippine Is-  
lands, Guam, Midway Islands, and  
Tutuila—amounted to 43½ million  
dollars, and the shipments of mer-  
chandise from those territories to  
the United States amounted to 52½  
million dollars. These figures relate  
only to merchandise. The value of  
the native gold shipped from Alaska  
to the United States in the period in  
question was 16½ million dollars or  
more than twice the purchase price  
of Alaska.

The shipments of merchandise  
from the noncontiguous territories  
to the United States for the eight  
months ending with February, 1909  
(52½ million dollars), show an in-  
crease of about 2 million dollars  
over the corresponding period of  
1908, and 5½ million dollars over  
the corresponding period of 1907.  
The merchandise shipped from the  
United States to the noncontiguous  
territories in the same period (43½  
million dollars) shows a decrease of  
about a half million dollars as com-  
pared with the corresponding  
months of 1908, but an increase of  
about three-quarters of a million  
dollars as compared with the cor-  
responding months of 1907.

This slight decrease in the ship-  
ments to the noncontiguous terri-  
tories in 1909, as compared with  
1908, is due in part at least to the  
fall in prices of certain classes of  
articles sent to those territories.  
Prices of many manufactures have  
ranged somewhat lower in the eight  
months ending with February, 1909,  
than those of the corresponding  
periods of 1908 and 1907; and as  
a consequence this fall in prices has  
given a lower total of values even  
in cases where the quantity shipped  
was greater. In manufactures of  
iron and steel, which form an im-  
portant item in the shipments to Alas-  
ka, prices are less than those of  
1908 and 1907; in cotton manu-  
factures, which form an important  
item in the shipments to Porto Rico,  
Hawaii, and the Philippines, prices  
are less than those of the imme-  
diately preceding years.

**To Alaska.**  
The value of merchandise shipped  
from the United States to Alaska  
during the period in question was  
\$9,430,452, against \$10,694,364 in  
the corresponding months of the im-  
mediately preceding year. The value  
of the merchandise shipped from  
Alaska to the United States in the  
same period was \$12,165,533,  
against \$10,472,747 in the cor-  
responding months of the preceding  
year. The principal articles form-

ing the 9½ million dollars' worth  
of merchandise sent to Alaska in the  
period under consideration were:  
iron and steel manufactures, \$1-  
162,764, against \$1,974,269 in the  
corresponding months of the preced-  
ing year; meat and dairy products,  
\$1,508,206, against \$1,434,448 in  
the same months of last year;  
breadstuffs, 437,266; manufactures  
of wool, \$468,548; manufactures of  
cotton, \$351,553; fruits and nuts,  
\$316,158; leather and manufactures  
thereof, \$225,608; mineral oils,  
\$270,725; spirits, wines and liquors,  
\$504,153; vegetables, \$372,952;  
and wood and manufactures thereof,  
\$438,966. The 12 million dollars' worth  
of merchandise shipped from  
Alaska to the United States included:  
Canned salmon, \$9,659,799;  
fish, other than salmon, \$669,109;  
copper ore, \$405,008; furs and fur  
skins, \$435,414; and whalebone,  
\$188,942. Of the 12 million dollars' worth  
of merchandise coming from  
Alaska, \$5,567,535 entered at the  
port of San Francisco, \$5,065,312 at  
Seattle, and \$559,573 at Tacoma.  
Of the merchandise sent to Alaska,  
\$8,774,328 went out through the  
customs district of Puget Sound,  
and \$507,482 went out through San  
Francisco.

**Hawaii.**  
Of the \$11,480,149 worth of  
merchandise sent to the Hawaiian  
Islands in the eight months under  
consideration, breadstuffs amounted  
to \$1,240,588, against \$1,070,374 in  
the corresponding months of the pre-  
ceding year; cotton manufactures,  
\$1,119,777, against \$884,436 in the  
corresponding months of the pre-  
ceding year; iron and steel manu-  
factures, \$1,653,670, against \$1,256-  
209 in the same months of the pre-  
ceding year; meat and dairy prod-  
ucts, \$486,720; mineral oil, \$842-  
153; spirits, wines, and liquors,  
\$377,605; and wood and manu-  
factures thereof, \$650,860. Of this to-  
tal, 7½ million dollars' worth went  
out of San Francisco, a little over  
1½ million dollars' worth out of  
Puget Sound, and nearly 2 million  
dollars' worth out of New York. Of  
the \$22,647,780 worth shipped from  
the Hawaiian Islands to the United  
States, sugar amounted to \$20,937-  
649, against \$19,819,428 in the  
same months of last year; canned

was over \$3.50.

In Europe it was only  
37 cents.

We have ten times as  
many fires as they have  
in many of European  
cities, hence it should  
need little argument to  
convince you of the neces-  
sity of insurance.

### STUBBS OF KANSAS.

Rich in Money, Poor in Grammar,  
But Knows How to Get Worth  
of a Dollar.

Kansas just now has a governor  
of Quaker ancestry and a member of  
the Society of Friends who is mak-  
ing a record in spite of the unpoetic  
name of Stubbs, which he bears.  
Stubbs made a fortune as a railway  
contractor and he knows what a dol-  
lar will do as well as any man liv-  
ing. He is insisting on getting a  
dollar's worth for every 100 cents  
of the public money expended.  
His language is not up to the  
samples given by the Lindley Mur-  
ray, but he gets there just the same.  
He tells the legislature what it  
ought to do and it does it promptly.  
He has started out to make Kansas  
a better state, and is succeeding ad-  
mirably—so far. He is inducing  
the people to plant trees, obey the  
law, run politics on a clean basis  
and, in the words of William Allen  
White, "raise less hell and more  
corn."

Mr. Stubbs entered politics as a  
conservative and claims to be one  
now, but he is stirring up Kansas in  
a way that has been unknown since  
the "bleeding" time. Wherever you  
find a Pennsylvanian or a man of  
Pennsylvania ancestry in office you  
are certain to find a man of ability  
and common sense. Nebraska will  
please take notice.—Philadelphia In-  
quirer.

The hare may be timid, but he  
does game.

The above property tax list for  
1908 having been returned to the  
auditor as delinquent, will be offered  
or sold at the City Hall door on  
Monday, May 3, 1909, at 10 o'clock  
a. m., by the City Treasurer, unless  
paid to him before that date.

ALEX KIRKLAND,  
City Auditor,  
Paducah, Ky., April 15, 1909.

### NOTICE.

I urgently request all persons li-  
abled to me to make settlement be-  
fore the first day of May, 1909, as I  
will after that date bring suit on  
every unpaid note and account due  
me. Now your account is to each of  
you a small matter, while the whole  
is to me very important. I shall deal  
with all alike; if you don't pay you  
may know that you will be sued,  
whatever your name or color may be.  
I hate to do this, but I am forced to  
it in self-defense. If you have not  
the money and will borrow it to pay  
me in full by the first day of March,  
1909, I will deduct 10 per cent from  
your account, thereby paying the in-  
terest myself. Is this not as fair as  
any sane man can ask?

DR. S. Z. HOLLAND,  
Grahamville, Ky.

**How Olive Trees Grow.**  
Attention is sometimes called to a  
remarkable and curious characteristic  
of the olive tree. After many years  
of growth the different large branches  
of the trees separate gradually from  
one another down into the root.  
These then slowly move apart, and  
in some instances six or seven dis-  
tinct trees stand in the area which  
before surrounded the main tree, and  
they will sometimes be as much as  
twenty feet apart.—Consular Re-

asked the Chicago man.  
"Well, how many do you expect to  
have?" was the minister's question.—

## Weak Over-worked Women

Who are broken down and made invalids by the drudgery of never ending household cares and duties, or by over-frequent bearing and nursing of children, and many other cares, burdens and strains which the weaker sex have to bear, are deserving of profound sympathy. But while sympathy is commendable what these unfortunate women most need is a good, honest, square-deal Restorative Tonic and Strength-giving Nerve and Regulator—one compounded and carefully adapted to act in harmony with woman's peculiar, delicate, ever sensitive organization.

Who so well fitted to select, carefully proportion the ingredients and compound a remedy for the cure of these distressing and often pain-wracking weaknesses and derangements, as the carefully and thoroughly educated and regularly graduated physician who has had a long and successful experience in treating just this class of cases.

## Dr. Pierce's Favorite Prescription

THIS MEDICINE IS

**THE ONE REMEDY** Now, and for over 40 years, sold by druggists for Women's Peculiar Weaknesses, and Distressing Ailments, gotten up by one having all of the above qualifications.

**THE ONE REMEDY** which absolutely contains neither alcohol (which to most Women is rank poison) nor injurious or habit-forming drugs.

**THE ONE REMEDY** which is so perfect in its composition and so good in its curative effects as to warrant its makers in printing its every ingredient, as they do, on its outside wrapper, verifying the same under solemn oath.

In all the above most important particulars, the "Favorite Prescription" stands absolutely alone—in a class all by itself—as woman's most reliable and trust-worthy remedy in time of sickness and distress. It is a pure glyceric extract made from American curative roots, found by long time experience most valuable in curing woman's weaknesses and derangements. The leaders in all schools of medical practice have endorsed each of its ingredients as of the best known remedies for the complicated affections for which it is recommended. These professional endorsements should count for far more than any number of lay testimonials. A booklet full of them sent free on receipt of name and address.
